## SUMMARY

Motivated Full Stack Developer with a focus on backend development using Django and Node.js, alongside frontend expertise in React. Over the past three years, I have worked on various web projects, gaining practical experience in building efficient, user-friendly applications. Dedicated to learning and improving, I strive to create reliable and innovative solutions in web development.

## WORK EXPERIENCE

**BACKEND DEVELOPER**
December, 2022 - May, 2023

**Fractal Networks , Starksville,USA**

At Fractal Networks, a US-based company, I serve as a Full Stack Developer, specializing in Django, React, and occasionally Node.js. My role involves contributing to large-scale projects, collaborating seamlessly with teams, and consistently meeting project deadlines. Through this experience, I've gained invaluable insights into project management, teamwork, and the dynamics of working in a fast-paced, innovative environment."

**BACKEND DEVELOPER**
May, 2023 - Present

**Alphors , Pakistan**

At Alphors, a Pakistan-based company, I serve as a Full Stack Developer, specializing in Django, React, and React Native, with occasional work in FastAPI. My role involves developing and maintaining robust web and mobile applications, collaborating with cross-functional teams, and delivering high-quality solutions within project timelines. This experience has enhanced my technical skills, strengthened my teamwork capabilities, and provided valuable exposure to dynamic, fast-paced development environments.
